TRAVELING THIS SUMMER?

Digital audiobooks are the perfect way to pack light & keep your family entertained on those long car rides!

Use our Hoopla or Libby apps to download eBooks, eAudiobooks, magazines, and more.

DID YOU KNOW?

You can adjust the speed of eAudiobooks to make the narration faster or slower depending on your listening preference.

Yerba Buena by Nina LaCour

The story follows two women, Sara and Emilie, who have each been touched by addiction, grief, and loneliness throughout their lives. I couldn’t put the book down. LaCour’s writing style is beautiful and honest, and the descriptions of food and drinks are especially sumptuous. This is a love story that is brutal in its growing pains, but ultimately hopeful.

Yerba Buena is also available as an audiobook through Libby!
This year’s pick will be available in branches beginning in September! See your local branch for more information.

BOARD OF TRUSTEES SPOTLIGHT: TANYA AREA

“...I really wish every community member would take the time to step into any one of the CCPL branches at least once. Talk to a librarian, ask for a tour or for a run down of available resources. If each person did this they would quickly learn that the libraries of Cecil County are so much more than a place to get books.
