

Hello, Friends,

As the Holiday Season approaches, our minds often turn toward those in need. There are many causes worthy of support, and we hope you will consider making the Cecil County Public Library one of the organizations that you support with a generous gift.

INVESTING IN Cecil County's libraries makes a difference to our community.

Although Library services are "free" to the citizens of Cecil County, it takes a significant investment of funds to provide the resources, programs, services, personnel, and facilities that we often take for granted.

We believe that the Library is at the heart of our thriving community, and we are passionate about their mission to champion reading, build knowledge, inspire curiosity, and connect community. Each year, over 60,000 cardholders access more than a million books and resources at six branches, the Bookmobile and online. Special projects and technologies are often beyond the Library's basic operating budget. Your donation can make a difference.

The Friends Foundation of the Cecil County Public Library focuses its efforts on expanding the Library's impact through advocacy and philanthropy while inspiring a culture of giving to enhance and support our award-winning Library system. We provide funding for the annual Summer Reading Program, contribute toward capital improvements such as the North East Library's children and teen areas and Perryville Music & Play Garden, and staff appreciation programs.

Sincerely,
Dr. Christine Valuckas, Chair

“I am proud to have such dedicated, visionary leaders working on behalf of Cecil County Public Library.

— Morgan Miller, Cecil County Public Library Director

Your generous gift will support Youth Literacy, Adult Programs and Exhibits, and Community Outreach, in addition to the Library's greatest needs for serving our community.
